DMC TRAINING FINS: They provide powerful performance allowing swimmers to easily achieve the 'high in the water' race position to improve stroke and breathing technique.

FINIS TEMPO TRAINER: This small, waterproof device easily secures under a swimmer's cap and transmits an audible tempo beep. Athletes use the beep to train smarter and discover their perfect pace.

\$60

\$15

FINIS INSTINCT SCULLING PADDLE: This helps teach swimmers the correct palm-positive hand position while sculling. It reminds the swimmer to maintain an early vertical forearm position.

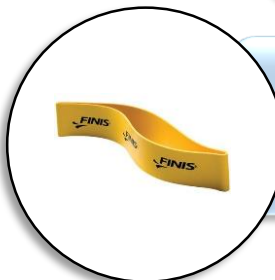

ALIGNMENT BOARD: Promotes a streamlined body position from fingertips to toes and creates an ideal body alignment when used just below the waterline.

\$20

\$38

MONO SNORKEL: The center mount design lets the swimmer focus on technique without the need to turn the head to breathe.

ANKLE STRAP: We use this around the knees to hold the legs together, shifting focus to build upper body strength.

\$7

\$5

NOSE CLIP: Keeps the water out of your nose and keeps the air inside your lungs.

Comes in Mesh Bag (\$20) with Bag Tag (\$4)
